

Forecast For Northeast England
Issued by Met Office Exeter
at 0400 on Monday 19 Jul 2021

++ Valid for broadcast between 0600 and 1800

Headline:

Dry and warm with long spells of sunshine.

Today:

A dry and bright morning, with sunny spells, although low cloud and fog patches on the coast will be slow to clear. Longer spells of occasionally hazy sunshine through the afternoon and evening. Feeling warm, but cooler towards the coast. Maximum temperature 25 deg C (77 deg F).

Tonight:

A clear night for most, but some isolated patches of mist, fog and low cloud may develop along the coast by the end of the night. Mild overnight. Minimum temperature 13 deg C (55 deg F).

Tuesday:

Dry and warm with sunny periods in the morning, but early mist and low cloud slow to clear from coasts. Dry with plenty of warm sunshine through the afternoon. Maximum temperature 27 deg C (81 deg F).

Outlook for Wednesday to Friday:

Overnight low cloud clearing each morning. Fine with sunny spells Wednesday. Mainly dry Thursday and Friday with further sunny spells, but afternoon showers possible. Very warm, cooler in east.
